

1. In Ground

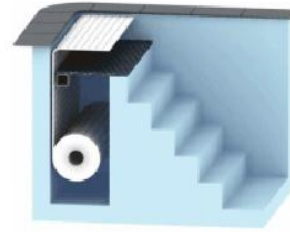

1.1 For pvc slat cover

Type 1

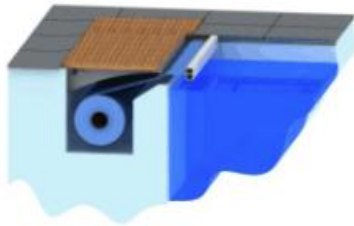

Type 2

Type 3

1.2 For safety fabric cover

Advantages:

- **Beauty** It can be blend into the back yard surroundings
- **Safety** The motor, reel and bracket are hidden under ground, so there is no any injuries for people
- **Save space** Above space of reel pit can be utilized

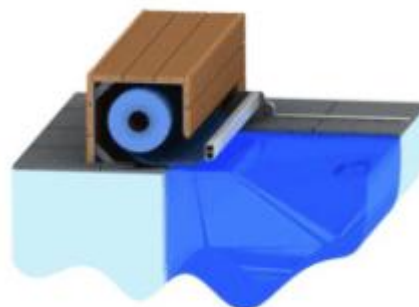

Disadvanges:

- It is inconvenient to install and repair

2. Above Ground

For slat pvc cover

For safety fabric cover

Advantages:

- **Convenient** It is convenient for install and repair
- **Comfortable rest area** The motor, reel and bracket are hidden into oak bench, so the bench is very suitable for people to sit and rest.

Disadvantages:

Some customers might feel that the top mounted slatted cover are not esthtical, they prefer the under ground installation.
